- Drilling Rig Camps
- Labour Accommodations
- Other Structural Steel Buildings

Lucent General Trading & Contracting Co. WLL

Mechanical & Civil Construction

Over a decade's experience and inherent skills and resources to execute civil and mechanical works enables Lucent to deliver beyond client expectations and has engulfed a position of preferred contractor for categories like earth works, concrete works, building & road works and structural fabrication & erection.

We take up jobs related to

- Civil, Turnkey projects on EPC basis for Oil, Gas & Petrochemicals, Power Generation & Transmission and Water & Wastewater treatment sectors
- Pipeline Construction- Major & Minor
- Manifold construction and associated works.
- Installation of Cross-Country piping, Flow lines, Headers and associated works
- Process Plant Piping. • Industrial Blasting and Paintings

Lucent has strengthened the technical proficiency to provide a full range of Electrical and Instrumentation services, primarily for core industrial sectors like Oil & Gas industry.

Electrical & Instrumentation

FOCUS AREAS

- Providing Turnkey Electrical & Instrumentation products, Services & Solutions to the Industries
- Revamping or Up Gradation of Electrical, Instrumentation & Process Control System
- Control Panels for Oil & Gas Installation / Water Pumping Stations
 - PLC Based Control System
 - Tank Gauging Systems
 - Electrical Controls and Protection Systems
 - Fault & Event Recording Systems
 - Field Instrumentation
 - Gas Pressure Reducing & Metering Stations

Lucent General Trading & Contracting Co. WLL

Electrical Maintenance Services

Lucent is proficient in accomplishing electrical projects right from feasibility to commissioning & start-up by a team of highly motivated and efficient professionals. Lucent provides professional service, developing close working relationship with our customers. It is our aim to work together to assure an efficient, trouble free Electrical installation as well as maintenance.

Lucent has specialization in the following work in a timely and professional way.

Energy Saving Lighting and power works

Motor and Motor Controls

MV/LV cable laying & installation

Troubleshooting and Repairs

Electrical maintenance commercial & industrial buildings

Replace Lamps and Ballasts

Testing of Cable and Wire

Fire Alarm Systems & Communication Systems

Fault finding of Electrical system and Circuit Tracing

Building Maintenance Services

We undertake complete maintenance services for commercial and residential buildings. Lucent undertake annual maintenance contract for commercial & residential buildings, etc.

Lucent General Trading & Contracting Co. WLL

EPOXY FLOORING WORKS

Industrial / Commercial Flooring

We provide high-performance epoxy flooring solutions designed for demanding environments.

Our epoxy floors are:

- Extremely durable and long-lasting
- Chemical, oil, and stain resistant
- Seamless and easy to maintain
- Ideal for warehouses, factories, hospitals, laboratories, showrooms, and commercial buildings

These floors are engineered to withstand heavy footfall, machinery load, and strict hygiene requirements while maintaining a clean and professional finish.

Residential Applications

Epoxy flooring is no longer limited to industries. We also install aesthetic and durable epoxy floors for homes, offering both style and strength:

- Garage floors with decorative color flakes for a modern, premium look
- Basements with moisture-resistant, dust-free surfaces
- Kitchens & utility areas with seamless, easy-to-clean finishes

Epoxy floors enhance the appearance of residential spaces while providing excellent resistance to wear and tear.

Flooring Work Projects - Nuzha Valley | Al Rai Stores | KGL Stores | GMC Store

Lucent General Trading & Contracting Co. WLL

WATERPROOFING SOLUTIONS

Industries & Specializations

Commercial Construction

We deliver advanced waterproofing systems for large-scale commercial projects, ensuring long-term protection and structural durability. Our solutions are ideal for:

- Roofs, terraces, and podiums
- Basements and foundations
- Large commercial buildings and complexes

These systems prevent water ingress, enhance building life, and reduce long-term maintenance costs.

Residential Applications

We provide reliable and long-lasting waterproofing solutions for homes, with special focus on moisture-prone areas such as:

- Bathrooms and wash areas
- Balconies and terraces
- Kitchens and utility spaces

Our residential waterproofing ensures protection against leakage, dampness, and seepage while maintaining a clean finish.

Specialized Coatings

We apply high-performance protective coating systems tailored to specific site and usage requirements:

- Epoxy coatings for strength and chemical resistance
- PU (Polyurethane) coatings for flexibility and crack-bridging
- Protective coatings for enhanced durability, weather resistance, and surface protection

Waterproofing Work Projects - Qortuba Villa | Zain HQ Building

Lucent General Trading & Contracting WLL

Engineering Consultancy Services

We

undertake complete engineering services for mechanical equipments, storage tanks, heat exchangers, piping, E & I and civil, Structural packages and finite Element Analysis. IES is joined with YSC India, operating at Trivandrum, India and for all types of consultancy projects. Services include Bid Engineering, Data sheet preparation, RFQ preparation, Fabrication drawing, Design Calculation, Thermal calculation, Material Take Off, plot plan, isometric drawings, 3D modelling, walk through presentation, Complete structural solution through Tekla structure, Engineering software development and automation, Technical Training

Human Resources supply Services

We fulfill human resources requirement of our clients in the most efficient manner. We find suitable candidates locally for short term assignments and locate candidates internationally for long term requirements.

Lucent General Trading & Contracting Co. WLL

Educational Services

We undertake higher educational services for students looking for higher education in India. We have a number of tie-up with major education service providers based in Kerala, India.

Turnaround Shutdown Services

Turnaround Maintenance of Refineries including all Stationery and Rotating Equipment, Valves, Instruments, etc. IES is tied-up with a major Turnaround shutdown Company , India. This is one of the biggest player in turnaround shutdown projects in the middle east and Indian subcontinent. IES look forward to use their expertise in turnaround shutdown projects like as follows.

Turnaround & Shutdown projects

Turnaround Maintenance of Process Gas Plants, NGL Plants, etc.

Turnaround Maintenance of Fertilizer Plants.

Turnaround Maintenance of Petrochemical Plants.

Turnaround Maintenance of Oil and Gas Storage Tanks and Loading Facilities.

NDT Services

We look forward to under take NDT services soon.

Lucent General Trading & Contracting Co. WLL

Supply of Process Equipments

Lucent is capable of supplying process equipments like desalters, separators, gas scrubbers, heat exchangers, pig launchers, filter vessels, valves actuators, etc from China. Also we look forward to supply of process internals such as mist eliminators, shoeponiters, vane packs, trays, etc at a very competitive rates.

Generator Division

As a company who provide plant operations and maintenance (O&M) services and procurement, and construction , Lucent is in a unique position to offer any client in any part of the GCC the right solutions from our series of Generators for any application. We are pleased to provide you with the best power generation services.

Our Generator division is strong combination of sales and service team in understanding the client needs and provide perfect solutions based on their requirements.

Lucent General Trading & Contracting Co. WLL

We offer the following services to our clients in order to serve them with more possibilities.

- Study and analysis the power generation capacity requirements for the client prepare technical report.
- Supply, installation and commissioning for generators from various ratings.
- Coordinate all consultation needs for selection of electrical low voltage accessories, switches and wiring , DB's , ATS , MSB.
- Undertake maintenance contract with different commercial level for customer's selection.
- Train site's operators in the local field and arranging factory training program if needed
- Provide generator rental service for all ratings to support the temporary power demands of clients

Full Range of Generator Sets:

- Open Type
- Weather Proof Enclosure Type
- Sound Proof Enclosure Type
- Trailer Type
- Container (Sound or weather Proof Type)
- Sliding Door Type
- Generator Set Truck

Rental Service

Lucent generator division owns generators with various ratings to serve the client who is in need of temporary power demands. We provide generator sets for rental on daily, monthly and yearly basis. Our rental generator sets are fuel efficient, easy to operate and robust to meet the rigorous requirements of customer's temporary power needs.

Additional features on our rental range include an extended capacity fuel tank that is fully bundled to contain all spillages and an easily accessible control panel incorporating metering and shutdown protections.

Lucent General Trading & Contracting Co. WLL

Maintenance & Repair Service

Lucent generator division has sophisticated workshop to handle any kind of repairs on generators with various brands & ratings . Our technical team composed of trained engineers and technicians who have sound

technical knowledge on maintenance & repair of generators with any size & brands. We do provide major and minor overhauling services to various customers according to their need. In regards to maintenance service, we avail different level of maintenance services cater to customer requirement. Following are the types of maintenance

Services provided from our Generator division:

1. On call maintenance support service
2. Preventive/ corrective maintenance service
3. Emergency breakdown service

Lucent General Trading & Contracting WLL

Energy Division – Industrial Supplies

Pipes.

Seamless and welded pipes with sizes ranging from 1/2" up to 30" with wall thicknesses ranging from 10 to XXS.

Fittings

Butt-welding and forged fittings in sizes ranging from 1/2" up to 30" with wall thicknesses ranging from 10 to XXS

- 45°, 90°, 180° short and long radius elbows
- equal and reducing tees, Caps
- concentric and eccentric reducers

Lucent General Trading & Contracting Co. WLL

Flanges.

Flanges in sizes ranging from 1/2" up to 30" with wall thicknesses ranging from 10 to XXS.

Classes vary from 150 up to 2500 lb and above on request:

- Welding neck
- Blind
- LAP joint
- Socket welding
- Slip-on
- Threaded type

Valves.

We supply high quality valves in sizes ranging from 1/2" up to 30" are used in Chemical plant, Refineries, Power & Petrochemical plants in Carbon steel, Stainless Steel and Alloy grades.

Lucent General Trading & Contracting Co. WLL

Personnel Protective Equipments (PPE)

At Lucent, your personal safety is both our business and our greatest concern. PPE Clothing or Personal Protective Equipment as its otherwise known is essential for the safety and protection of all individuals on your construction site.
